Joint Communication: Eastern Partnership policy beyond 2020: Reinforcing Resilience – an Eastern Partnership that delivers for all

The Eastern Partnership (EaP) is a joint initiative of the European Union, its Member States and Armenia, Azerbaijan, Belarus, Georgia, the Republic of Moldova, and Ukraine (‘the partner countries’). Launched in 2009, the EaP is a strategic and ambitious partnership based on common values and rules, mutual interests and commitments as well as shared ownership and responsibility. It aims to strengthen and deepen the political and economic relations between the EU, its Member States and the partner countries and helps them in achieving the twin ecological and digital transformation. It supports the delivery of many global policy objectives, including the Paris Agreement on Climate Change and the UN 2030 Agenda and its Sustainable Development Goals. It contributes to the overall goal of increasing the stability, prosperity, and resilience of the EU’s neighbours as set out in the Global Strategy for the foreign and security policy of the European Union and the 2015 European neighbourhood policy review. It is fully aligned with the European Commission’s Political Guidelines 2019-2024. Finally, it reflects all relevant flagship strategies adopted by the Commission.
